

LETTER TO THE EDITOR

Commissioner Lisa Birkman is all about “Working Together” and that is why she should continue as Williamson County Commissioner for Precinct 1.

I have a unique perspective upon which to draw; I am the Information Officer for my Neighborhood Association and, as such, I interact with public officials weekly. Commissioner Birkman and her office are amazing to work with. She responds in a timely fashion to every question I send, even on Sundays. She conducts her office the way you or I conduct business: Focussed, Factual, and Friendly.

[That makes living in Williamson County's Precinct 1 a pleasure!](#)

In addition, Ms. Birkman and/or her staff often come to our community meetings. That partnership is fantastic for our community. For example, Commissioner Birkman worked diligently with the County Parks and Recreation department and with our Neighborhood Association to turn fallow land in our community into a lovely park.

Working together [was key to building that](#) park.

Please, [join me in re-electing](#) Commissioner Lisa Birkman in Precinct 1!

Sincerely,
Doreen Scholtes
Resident, Williamson County [Pct 1](#)
